Summary

I perform better when I work in a team. I am proficient in communication skills as I can efficiently communicate in both English and Hindi. Also, I learn things at a faster pace. I try to accomplish the task I've been assigned. I like to meet new people and am always enthusiastic about working with them. I do have the quality of leadership. I'm acquiring a lot of new skills and working on myself to present the best version of myself. I'm always ready for new opportunities.

Experience

Student Mentor:

I was nominated as a student mentor by the college authority to guide my juniors on their academic and personal issues.

Content Team Head:

I was chosen as the content team head of a college-based club.

Discord Chat Bot:

I designed a basic prototype of a discord-based chat bot in python.

Responsive Portfolio Website:

I designed a responsive portfolio website using HTML, CSS and JavaScript

School Discipline Minister:

I was elected as the School Discipline Minister by the school authority.

Voice controlled bot:

I designed a voice-controlled bot using Arduino in a workshop.

Management team:

Organized several events both online and offline while in college.
